#### **Q&A**

**Q:** Is the Data Collector equipped to take the new FX record yet?

**A:** Not at this time. There is still some testing that needs to be done and Student Cross Reference modifications for data processing in ODDEX to ensure these get applied correctly. Hopefully, this will be soon.

**Q:** We have noticed results from the End of Course Summer testing are coming back from the assessment vendor with June dates. Will the Data Collector accept those June dates?

**A:** We'll have to look into this.

**Q:** If we report a student with an FX record and later on the student re-enrolls, do we need to remove the FX record or will it be ignored?

**A:** If a student is reported with both an FS and FX record, the FX record will move to the excluded records so districts can see it in their submissions and will know ODEW is not accepting it due to the FS record being reported.
