

ODEW EMIS-ITC Call – 12/9/2024

*Notes provided by Gretchen Martin (ACCESS) and BreAnn Blubaugh (LACA)*

**E-School Missing Test Appeal**—For districts that need to correct their Non-Tested List, this appeal closes on Friday, December 13th.

<https://education.ohio.gov/Topics/Data/EMIS/Reporting-Responsibilities/Final-Correction-Opportunities>

**Beginning of Year S Collections**—SOES Beginning of Year Student Collection and the Beginning of Year Student Collection close on Friday, December 20th. Districts have until 11:59 p.m. to submit. ODEW will process the data over the weekend. ODEW will use this data starting on December 23rd for certain items.

- Federal Child Count – Child count for federal reporting and federal funding for students with disabilities.
- Casino Count
- State Funding
- Dropout Recovery and Prevention School Determination

**Holiday Processing Schedule** – Week of December 23rd – ODEW does not plan to process data during this week. ODEW plans to finalize data from the first windows and verify that the data ran as expected. If districts submit data during this week, the data will sit in staging until ODEW processes again. If districts submit more than once this week, the second submission will replace the first submission; the third will replace the second, etc. During this time, there will not be updated Level 2 reports, etc. This will affect any data submitted after 5:00 p.m. on Saturday, December 21st. ODEW plans to begin processing data again on Saturday, December 28th.

Week of December 30th – ODEW plans to keep its regular schedule for data processing. They will not do a similar pause for New Year's.

#### **Q&A**

**Q:** When will we see Graduates added to the Follow-up Report?

**A:** We are working on that today and should be added to the file this week.

**Q:** Has the acceptance of the FX record in the Data Collector issue been resolved? We still see a missing student when we submit an FX record and not report the student.

**A:** We will double-check that, and if things are not working as expected, we will release a release. We are getting those FX records even though they may still be on the missing list when you are submitting a valid FX record. That is an issue with the missing report. You can verify that ODEW is receiving an FX record by reviewing the FS record in your submitted date within the Data Collector. When submitting an FX record, an FS record is created for that student.

#### **Upcoming Call Schedule**

Monday, December 23rd – ODEW EMIS ITC Conference Call

Monday, January 6th – ODEW EMIS ITC Conference Call

***“Manual guidance prevails if there is a conflict between the information shared on this call and the EMIS Manual.”***
