

ODEW EMIS-ITC Call – 12/23/2024

Notes provided by Gretchen Martin (ACCESS) and BreAnn Blubaugh (LACA)

Holiday Processing Schedule - ODEW is not processing data this week. Processing will begin again on Saturday, December 28th for the coming weekend. Anything submitted this week will be accumulated at the Department - if, for example, someone submits today and again on Thursday, it will only be the Thursday submission that's processed.

Q & A

Q: Do you know when the Exiting Student FLUP-001 file will be updated? We have a student that was not a CTE concentrator but did earn an industry credential.

A: We expect within the next week or two that will be loaded. Not sure about staff schedules, but expect that will be soon.

Q: I know Friday, December 20th was the last day for the Initial S/SOES submissions - what time was that cutoff?

A: The cutoff was midnight. If someone is wondering if their processing is completed, it should show in the Data Collector if you look at the status of that submission.

Thank you everyone - 2024 has been a pretty good year for EMIS and the team. A lot of that is due to the work of ITC staff working with districts. The Department appreciates all that's done to help make this a smooth process. We hope everyone has a chance for some refreshing and renewal as we move into the coming year.

Upcoming Call Schedule

ODEW ITC EMIS Call - Monday, January 6th

Manual guidance prevails if there is a conflict between the information shared on this call and the EMIS Manual.
