## About Us...

The Port Clinton City School District is a district of approximately 1700 students located on the shores of Lake Erie. **Thanks to the support of the community, Port Clinton is a financially stable district and opened new school buildings in 2012-13.** The district consists of Bataan Primary Elementary (PK-2), a new addition to Bataan Memorial Intermediate Elementary (3-5) which was completely renovated and opened in 2013. A new Middle School opened in October 2012 and Port Clinton High School has a new state of the art media center and has newly renovated classrooms with the latest technology. Our school district was named a 2019 Best Communities for Music Education by

NAMM. Port Clinton Middle School has been recognized as one of the top schools in the nation: Model School and 2019 State & National School to Watch!

Port Clinton, Ohio, with close proximity to both Toledo and Cleveland, is a small waterfront community. This lakeside community is a well-known haven for boaters and summer tourists. Port Clinton and the surrounding areas are in the heart of Ohio's north coast vacationland and provide easy access to such attractions as the Lake Erie Islands and Cedar Point.

## Director of Learning Technologies at Port Clinton Schools

The job of Director of Instructional Technologies plans, implements, directs, and maintains the instructional needs of the One to World 1:1 learning program at Port Clinton City Schools, including the use of technology within the instructional curriculum; evaluating and providing recommendations regarding complementing classroom instruction with software applications and computer technology; assisting administrators; and including the managing of the district's instructional applications, online databases, and subscriptions. This person directs the development and implementation of a comprehensive development program; supports all 1:1 teaching/learning technology initiatives, and provides resources in order to facilitate the use of technology in the classroom.

### Experience:

- Experience providing professional development in instructional technology, district-wide program experience preferred.
- Strong skills in curriculum and instructional design.
- Excellent communication skills.
- Experience with comprehensive technology use in the classroom, Pre K-12 experience preferred.
- Service-oriented work ethic.
- Experience in managing both local and wide area networks.

### Essential Functions:

- Design, direct and implement professional development for staff.
- Leads the implementation of district technology plan.
- Keeps technology plan updated.
- Leads district technology team.
- Works hand in hand with staff on integrating technology into instruction.
- Strong knowledge of ISTE technology standards.
- Familiar with Rigor/Relevance technology framework.
- Able to anticipate and troubleshoot technology issues.
- Understanding of networking systems and ability to resolve network issues.
- Oversees the maintenance of all technological equipment.
- Works with teachers to explore adaptations that will enhance classroom activities.
- Support all 1:1 initiatives by including strong professional development components on sound pedagogical use of instructional technology to support future-ready learning and teaching.
- Develop the skills and relationships necessary to lead change in the district.
- Support district innovative programs, including library, STEM, coding, entrepreneurship, blended learning, online academy, and others.
