MVECA, SOITA & CET 2023
SUMMER
WORKSHOPS

MVECA, SOITA, and CET PBS are partnering to offer a variety of half-day workshops for educators!
All workshops are $50 and will be held at MVECA.

Best End-of-Year Strategies for Google Admin
Tuesday, June 6th | Repeated AM & PM
AM Registration | PM Registration
This course will review Google Admin Console tips to help you finish the school year and lay a good foundation for the upcoming year. Participants will be working within their own Google Admin console and will have opportunities to ask questions, share ideas, and collaborate on solutions to common challenges.

Google Sheets Magic
Thursday, June 8th | 9:00 AM - 12:00 PM | Register
Don't let formulas and functions intimidate you! In this session, we will explore the top formulas, functions, and features of Google Sheets that will leave you feeling like a Sheets Wizard!

Let's Get Pixelated! - Featuring Google Sheets
Thursday, June 8th | 1:00-4:00 PM | Register
Pixel art offers a great opportunity to introduce students to spreadsheets in an interesting way, while also providing teachers an opportunity to wax nostalgic about their old Atari and Nintendo games. Using just Google Sheets and a bit of creativity, anyone can make an engaging activity that will have their students excited to be working with spreadsheets. In this session, we will explore everything from setting up your spreadsheet to creating simple pixel art and paint-by-number activities to employing conditional formatting to build self-checking assignments. Join us as we look at spreadsheets through a fun new pixelated lens.

Workshop Location

📍 **MVECA**
888 Dayton St.
Suite 102
Yellow Springs, OH

Session Times

Morning Session
9:00 AM-12:00 PM

Afternoon Session
1:00-4:00PM

Visit soita.org or cetconnect.org/ workshops for details and registration.

Let's Chat(GPT) and Other AI Tools
Thursday, July 6th | 9:00 AM - 12:00 PM | <u>Register</u>

Join this introduction to ChatGPT and other AI tools for education. Participants will explore a wide variety of AI tools and discuss their role in the future of education and how they can be effectively used in the future.

Digital Tools for Building Community and Engagement
Thursday, July 6th | 1:00-4:00 PM | <u>Register</u>

Engage students and create a robust online community using Flip, Padlet and other exciting tools. Participants will learn about how to use these tools, and cases for their use in the classroom.

Creating Self-Checking Activities with Google Forms
Tuesday, August 8th | 9:00 AM - 12:00 PM | <u>Register</u>

Forms don't have to be used just for assessment or collecting information. Join us as we look at creative ways forms can be utilized to create self-checking reviews or skills practice.

Creating Interactive Activities with Google Slides & Drawings
Tuesday, August 8th | 1:00-4:00 PM | <u>Register</u>

Google Slides and Drawings make it easy to create dynamic and collaborative digital activities. In this class, you will learn how both Slides and Drawings can be used to create customized interactive content that will get both you and your students excited about the lesson.
