Our District

Port Clinton City Schools is a district of 1750 students located on the shores of Lake Erie. There are two elementary buildings, a middle school and one high school.

Our Community

Port Clinton, Ohio, with close proximity to both Toledo and Cleveland, is a small waterfront community in a safe hometown environment. This lakeside community provides easy access for travel and is a well-known haven for boaters and summer tourists. Thanks to the support of our community Port Clinton City School District is a financial stable district and has **new state-of-the-art school buildings which opened in 2012-13!** Private and community donations also helped to fund a complete stadium renovation and turf field in 2015.

Our History

Education began in Port Clinton, Ohio with one teacher, Mr. John Sylvester, teaching in local homes until 1838, the year the first schoolhouse was built. The schoolhouse was erected only 10 years after the City of Port Clinton was founded. Since that time many educators and boards of education have been committed to the education of the youth of this community. The first graduate of Port Clinton High School graduated in 1885, since that time thousands have followed in her footsteps. Many alumni of Port Clinton City Schools continue to make an impact all over the world and within our own community.

Our Board of Education

The current Board of Education continues the tradition of enhancing the education of each and every child in our school buildings. From Talented and Gifted programs, special education, specialized curriculum, fine arts, technology and a wide-range of extracurricular activities and athletics, Port Clinton City School District students have numerous opportunities available to enhance their educational experience. See more details in this packet or online at www.pccsd.net.

**The Port Clinton Board of Education is committed to helping our students
“Proudly Chart a Course for Success.”**
