

# Webinar: Enrich your school's STEAM program through littleBits

As an educator, you face a unique challenge: over 65% of today's students will have careers that don't exist yet. How can you prepare them for the unknown? The answer is simple: give them tools that help them develop critical thinking, problem solving and creativity.

CDI has partnered with littleBits to offer you a cost-effective solution to help you introduce STEAM programs. Join our webinar on April 11 to learn how to introduce STEAM program to your classroom or makerspace.
