

# YOU'RE INVITED

**Thursday, September 20th**  
**8:15am - 3:15pm**

We are pleased to invite leaders from Ohio to the Google for Education Leadership Roundtable that will take place on Thursday, Sept. 20th.

We've partnered with Springboro Schools to bring together education leaders to discuss the conditions necessary for transformation and to showcase ways in which technology is helping to support this change.

The day will offer the opportunity to collaborate with other regional school districts as well as participate in the following:

**District keynote, Classroom visits and Breakout sessions**

Space for the event is limited to 4 attendees per district. We encourage you to attend with a team from your district that consists of both district and building administrators.

**If you are interested,**
