

# Securly Classroom for teachers

## Live virtual training

### Course description

This training provides best practices and professional development for all teachers using Securly Classroom for on-campus or remote classes.

### Course learning outcomes

Upon completion of this session, teachers will be able to:

- Manage a classroom effectively and efficiently
- Keep students focused and classes distraction-free
- Maximize learning in any teaching environment

### Course breakdown

This course will be divided into three main sections:

- Teacher Tools
- Web Links
- Classes

### Teacher Tools

Outcome - By the end of this course, the teacher will be able to use Teacher Tools to help with classroom management and further the curriculum of their class. Each feature will be described as to best practice so that the teacher may reach the desired outcome of this course.

The Teacher Tools features that will be covered are:

- |   |               |  |
|---|---------------|--|
| • Selecting a class   | • Screen Lock | • Chat   |
| • Starting a class <ul style="list-style-type: none"><li>◦ Unselecting absent students</li><li>◦ Options window</li></ul> | • Push URL    | • History  |
| • Tab View versus Screen View <ul style="list-style-type: none"><li>◦ Close Tabs</li></ul>                                | • Site Lock   | • Print  |
| • Selecting the entire class vs an individual or group of students  | • Announce    | • Pin  |
|   | • Release     | • Best practices <ul style="list-style-type: none"><li>◦ Releasing before class ends</li></ul> |
|   | • Device View |  |
|   | • Save Screen |  |
|   | • Hand Raise  |  |

## Web Links

Outcome - By the end of this course, the teacher will be able to use Web Links effectively in his/her classroom to further their curriculum. Each feature will be described as to best practice so that the teacher may reach the desired outcome of this course.

The Web Link features that will be covered are:

- Weblinks tab
  - Creating a weblink
  - Deleting a weblink
  - Creating a collection
  - Viewing your own web links
- Custom block list tab
  - Creating a blocked link
  - Adding from recently closed
  - Deleting

## Classes - optional

Outcome - By the end of this course, teachers will be able to create their own classes to use in Teacher Tools. The teacher will also understand how to effectively view the active browsing history of a class or student.

The Web Link features that will be covered are:

- Classes tab
  - How to add a class
  - Add students via G-suite
  - How to schedule a class
- Google Classroom / Schoology / Canvas tab(s)
- Class session history tab
- Active sessions tab
